## Schrock Bros 1/43 1940 Studebaker Boat-Tail Speedster

Schrock Body Shop started as a family owned auto body business in 1960. To supply hard to find rubber and plastic parts, in the 1970's they became increasingly involved in the reproduction of Studebaker car parts. In 1980 they completed a custom built one of a kind 1940 Studebaker President Boat-tailed Speedster with a rumble seat. This one of a kind Studebaker has been featured in several publications including the Studebaker Drivers Club magazine "Turning Wheels." The model I am selling here is the first original toy designed by the Schrock Brothers.

Schrock Bros 1/43 scale white metal custom Studebaker 2 seat Boattail Speedster. Made in the US. No box. As is as shown, one of many models and kits now listed.

This model and many others I have listed came from a collection whose owner loved to add detail and make modifications. As my collecting expertise is mainly with plastic promotional models, I am not able to detail with any real authority any specific change that has been made to any of the models I have listed. Models are therefore sold as is, as shown.
