**Very Rare, 1956 Studebaker 1/2 ton 2E7 Pickup Truck 1/43 Scale by Shrock Brothers**

-Auction is for a limited edition, 1956 Studebaker model truck made in the USA about 18 years ago by Shrock Brothers. From 1985 to 1993, the 2 Shrock Brothers produced over 50 different 1/43 scale models in small quantities. They sold for as much as \$325 new and are made of pewter with a hand rubbed enamel finish; the windows are vacuum-formed from butyrate sheets. They were very costly to produce and are not only made much simpler models in 1/55 and 1/72 scale during the late 1980s and 1990s; none are currently available.

-Shrock Brothers models rarely come up for sale on eBay.

-The model is painted a flawless red and black with a grey interior and a red, silver and black dashboard. The Studebaker name on the tailgate is factory highlighted with red paint (a bit thin in spots) and is displayed in a dust free showcase since new and is in excellent condition with no chips or scratches. The gray specks on the black paint are merely dust particles which landed on the model when I took the photo in red which contrasts well with the black body color and tires.

-18 areas of silver paint represent the chrome trim on the real truck. The chassis is well detailed.

-This beautiful model comes in its original box, plastic bag and foam protective liner. It will certainly stand out in your collection.
