Seller's description

SHROCK BROS
DIECAST METAL
COLLECTOR CAR
STUDEBAKER LARK

*****These are some really COOL little collector cars. They are VERY heavy and substantial for their size. I understand that they are handmade. I don't know anything else about them other than that they are very desirable.**

This is a 59 or 60 Studebaker Lark and it is stamped 1995 on the bottom as well as SHROCK BROS.

I don't know what scale this is, but it measures about 3" long and about 1 1/8" wide.

It doesn't appear to have been played with-looks like it was stored somewhere and not really displayed much either-really nice condition but there is no box.

Sold as is, as found.

Add it to your collection today!
